

Template T.2A — Multi-Rod Grid Divider: 2×2 (4 rods)

Print at 100% (no scaling) on US Letter paper. Verify the ruler below measures exactly 50 mm.

2×2 GRID DIVIDER — cut 165 mm × 140 mm (6.5" × 5.5")

For Experiments 9–11. Cut TWO identical dividers. Punch 4 holes at 7 mm Ø. 30 mm spacing clears 25 mm PZT discs.

All pinholes: 7 mm Ø (hollow punch, item 22)

Grey dashed circles = 25 mm PZT disc outline (5 mm clearance between adjacent discs)
